EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

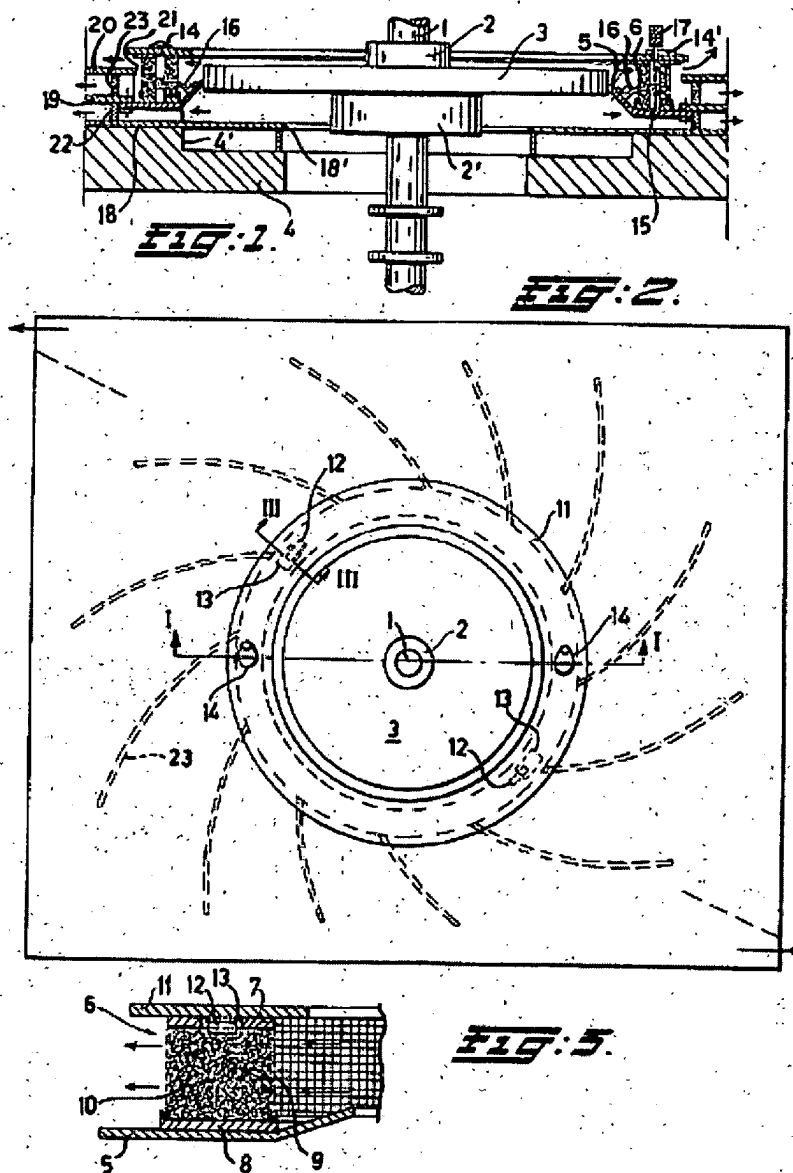

Authorization for this examiner's amendment was given in a telephone interview with Mr. J. David Dainow on July 15, 2004.

The application has been amended as follows:

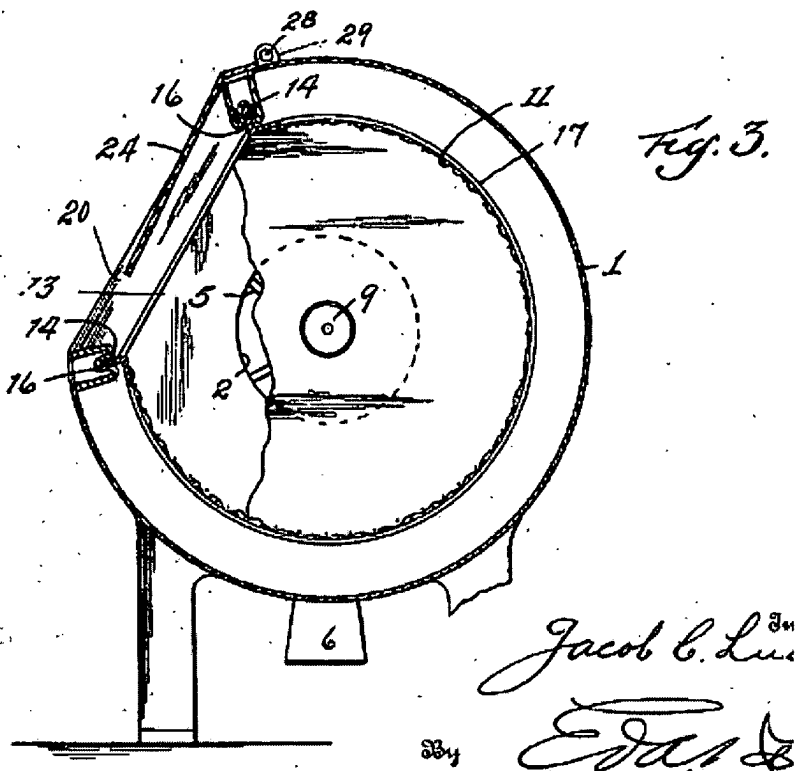

In claim 7, line 1, after "said" first occurrence deleted ",".

In claim 24, line 1, after "having" inserted "a lap wheel and having".

2. The following is an examiner's statement of reasons for allowance: the specific limitations of "thus leaving the front of said gold dust debris space open and accessible" in the combination as claimed in claim 1, "thus leaving the front of said gold dust debris space open and accessible" and "a second air exhaust ... of said first side part" in the combination as claimed in claims 22, 23 and 24 are not anticipated nor made obvious by the prior art of record in the examiner's opinion. For example, De Beer'3,307,299 discloses a device for regaining diamond grinding debris comprising a circular shroud 11 with an exhaust port 19. Debeer does not disclose a front area of the lap wheel 3 being open and accessible.

Luden'1,398,892 discloses a dust collecting device comprising a shroud formed by casing 1 and wire mess 11. In Figure 3, casing 1 is formed with opening 20, registering with the opening in the wire mess of the cylinder, to permit access to the polishing wheel. A primary air exhaust 2 is formed at the bottom of casing 1. Luden does not show a secondary air exhaust.

In light of the disclosure, the combination of the references would entirely change or destroy either reference apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

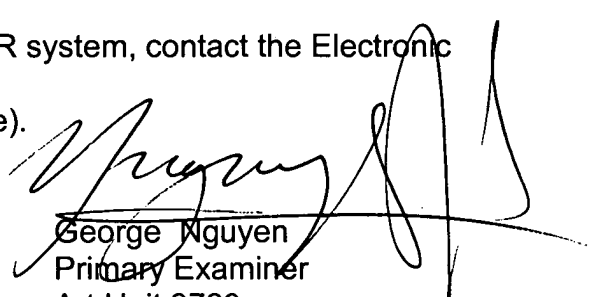

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George Nguyen whose telephone number is 703-308-0163. The examiner can normally be reached on Monday-Friday/630AM-300PM.
